Note:

[1] Assumes, holding everything constant, that Truist had requested that the other lenders submit requests for reimbursement associated with each recovery prior to distributing any of the funds obtained in December 2020 or February 2021 and each lender had fully complied with this request as of each recovery date. Assumes that the administrative agent's indemnifiable expenses are reimbursed first, followed by the indemnifiable expenses of the other lenders, followed by the distribution of remaining funds, if any to each lender on a *pro rata* basis.

[2] Assumes that Truist and other lenders were entitled to reimbursement for costs incurred in connection with this action.
